

PATIENT PORTAL

Provides a way for you to communicate with our practice, securely and efficiently during our business hours.

Using the patient portal will allow you to do the following:

View your personal health records and update as needed.

View your lab results.

Request for appointments or change appointment dates, or see date/time of upcoming appointments.

Request a prescription refill from pre-populated list of currently refillable prescriptions in your record.

Request a referral to a specialist.

Manage your personal information.

Send emails or messages to our staff during business hours.

Patient Portal is just a click away for you once you have been “web-enabled” by our staff.

If you would like to be Web Enabled please enter your e-mail address below.

If you decline to be Web Enabled please sign and date below.

By initialing, you are acknowledging receipt of new patient packet:

(Please initial)
